

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. APPROPRIATIONS AND PAYMENTS. CITY AND COUNTY.

1885-86.

Statement in brief of the GENERAL and SPECIAL APPROPRIATIONS made by the City Council to meet the expenditures of the City of BOSTON and the COUNTY of SUFFOLK, for the financial year which began with the first day of May, 1885, and ended with the last day of April, 1886, with the revenue added to certain appropriations as authorized by ordinance, and balances from 1884-85; also of the payments by drafts made by the Mayor, through the office of the City Auditor, and other authority, on the Treasurer against said Appropriations and the balances remaining in the Treasury to relieve taxation for 1886-87.

The excess of expenditures over the appropriations was met by Transfers from the Reserved Fund or other Appropriations duly authorized by the City Council. The amount transferred to each appropriation which was deficient is shown in the table; and on pages 24 to 27 are given the transfers in detail.

Total amount remaining in the treasury to reduce taxation for the financial year 1886-87,	<u>\$769,830 36</u>

The above amount of \$769,830.36, resulting from the actual business of the year, remained in the treasury in conformity with the requirements of Chap. 15, Sect. 9, of the Revised Ordinances; and an order of the City Council, approved May 6, 1886, provided that it be used towards meeting the appropriations for the financial year 1886-87.

The annual appropriation order of the City Council provides that no money shall be drawn for by the Mayor and Auditor, or be paid by the Treasurer, unless the same has been previously appropriated by a special vote of the City Council; hence the necessity of applying to the City Council for additional means, if from any cause an *original appropriation* falls short. The additional means thus asked for can only be furnished by an *authorized* transfer from some existing appropriation which can spare it, or by a *specific* loan. In this manner the City Council retain a *knowledge and control* of all the expenditures, as none can be made unless an appropriation for the same is expressly authorized by them.

The refectory building has been moved to a position adjoining the pier, and a plank-walk laid from Q street to the entrance to the pier.

Wood-Island Park. — The driveway from Bennington street to the Revere Beach R.R. has been graded to its full width and to the established grade, and areas have been excavated and refilled with loam, in readiness for the planting of trees.

Charles-River Embankment. — Work was begun on this improvement about April 1, 1885. About 1,600 lineal feet of sea-wall have been built, and the space in the rear of the wall has been filled to grade 10.

Main Drainage Works. — Much work of a miscellaneous character has been done to increase the efficiency of the works, and to bring them nearer completion. The system has now been operated in a satisfactory manner for more than two years. By the connection of the Dorchester-brook sewer and the extension of the common sewers in West Roxbury the area served by the system has been increased from 6.2 to 7.9 square miles during the year. The sewage pumped in 1885 showed an increase of 19.4 per cent. over the amount pumped in 1884.

The largest amount pumped in 24 hours was 111,000,000 gallons, — this was during the flood in February, 1886; the smallest amount was 23,000,000 gallons. The sewage which formerly discharged through fifty-two outlets into the docks and bays about the city is now discharged into the outgoing tides, five miles down the harbor.

PUBLIC BUILDINGS.

The following new buildings have been in process of erection during the year from the designs and under the supervision of A. H. Vinal, City Architect. They are mainly built of a medium cost face-brick and dark red brownstone. While the principal architectural feature of the exterior of all of them is that of the modern Romanesque, now so popular, yet the treatment of it is varied so that there will be no rigid similarity of new public buildings. All are supplied with the latest improvements for heating, ventilation, and drainage.

GRAMMAR SCHOOL-HOUSE, COMINS DISTRICT, situated on Huntington ave. and Wigglesworth street, comprising 14 school-rooms, seating 784 pupils, 4 play-rooms, 3 teachers' rooms, and an exhibition hall. The principal contracts were performed by the following firms: Foundations, A. McLaughlin; masonry, Woodbury & Leighton; carpentry, John Rawson; iron-work, Chelmsford Foundry Co.; metal-work, E. B. Badger & Son; plumbing, J. F. Cronin; roofing, John Farquhar's Sons; heating apparatus, Ingalls & Kendrick; plastering, Hannah & Doyle.

GRAMMAR SCHOOL-HOUSE, DUDLEY STREET, CORNER OF LANGDON STREET. — The construction of this building has been carried as far as the completion of the masonry and rough carpenter work, and is now progressing on the interior finish, that it may be ready for occupation

during the next school year. The structure comprises 14 school rooms, accommodating 784 pupils, 3 play-rooms, 5 teachers' and recitation-rooms, and an exhibition hall. The mason-work was performed by Sampson, Clark, & Co., and the carpentry by E. Shapleigh.

GRAMMAR SCHOOL-HOUSE, BENNETT DISTRICT, situated on Winship place, Ward 25.—Comprises 6 school-rooms, seating 336 scholars, and 2 play-rooms. The contractors were Gooch & Pray, masonry; John Rawson, carpentry; Chelmsford Foundry Co., iron work; N. G. Finney, painting; W. J. Maguire, roofing; E. B. Badger & Son, metal work; A. B. Franklin, heating apparatus; Jas. F. Cleary, plastering.

PRIMARY SCHOOL-HOUSE, PRESCOTT DISTRICT, located on Medford street, Charlestown.—This is a two-story wooden building, containing 4 school-rooms, seating 224 scholars, and 2 play-rooms. Contractors, O'Connor & Co.

ENGINE-HOUSE, SARATOGA STREET, EAST BOSTON.—This building is designed to accommodate an engine company and a ladder company, each company having apparatus-rooms and stables in the first story, and dormitories, bath, and officers' rooms on the second floor, with a general smoking-room and hay-loft. The work has been done by the following firms: R. R. Mayers & Co., masonry; E. Shapleigh, carpentry; J. Harrigan & Son, roofing; P. Powderly, plastering; F. G. Coughlan & Co., freestone; A. Parker, cut granite.

ENGINE-HOUSE, BOYLSTON STREET.—This building, situated corner of Hereford street, accommodates an engine and a ladder company, and is designed to make, together with a police station, which is now being built in connection with it, a group of buildings which shall compare favorably with the surrounding architecture of the Back Bay district. The contractors are: Donahue Bros. & Co., masonry; W. J. Sullivan, freestone; Creesy & Noyes, carpentry; Chelmsford Foundry Co., iron-work.

Construction has also been begun on the new Public Library building, on Dartmouth street, the foundations for which are now being put in. The plans are in an advanced state of progress, but the work is one of such magnitude and importance that they will require the whole attention of the Architect's Department for some time before any important contracts for the building can be let.

Herewith will be found the usual details of receipts and expenditures, debt and property, and the accounts of the Board of Commissioners on the Sinking-Funds, Treasurer and Collector, in accordance with requirements of the charter and ordinance, and valuable statistics relating to the city, furnished by the Hon. Carroll D. Wright, Chief of the Bureau of Statistics.

Respectfully submitted,

JAMES H. DODGE,
City Auditor.

LAMP DEPARTMENT.

The whole cost of lighting the streets of the city during the financial year 1885-86 was \$499,937.50, against \$481,001.98 in the previous year. On the 15th of December the city was lighted with 10,041 gas and 2,630 oil lamps, being an increase of 234 gas, and an increase of 39 oil lamps, as compared with the previous year.

The lamps are located as follows: —

In City Proper	3,569 gas, and 124 oil.
In South Boston	774 gas, and 484 oil.
In East Boston	776 gas, and 178 oil.
In Roxbury District	1,832 gas.
In Dorchester District	1,440 gas, and 694 oil.
In West Roxbury District	555 gas, and 866 oil.
In Brighton District	465 gas, and 288 oil.
In Charlestown District	855 gas.
In Brookline	56 gas.
In Chelsea (Meridian-st. bridge)	3 gas.

The prices paid for gas in the public lamps to the several gas companies are: Boston, at the rate of \$1.30 per thousand cubic feet; Roxbury, \$1.65; Charlestown, \$1.75; South Boston, East Boston, \$1.85; Dorchester, West Roxbury, Brighton, and Chelsea, \$2.00 per thousand feet.

The men who clean and light the gas lamps are paid at the rate of 1½ cents per lamp per night, and have an average of 96 lamps each, except those in Roxbury, Dorchester, West Roxbury, and Brighton districts, who receive one dollar and seventy cents per day.

The underground *service*-pipes are laid and kept in repair by the various companies, under the direction of the Superintendent of Lamps, and at the expense of the city, without pecuniary consideration or profit to the companies.

The oil lamps, during the past year, have been lighted and cleaned by men employed by the Superintendent of Lamps, at the rate of 3¼ cents per lamp per night, for this service.

The oil is purchased of the refiners at the lowest market rates.

In addition to the above there are 446 electric lights burning, under contract with Electric Lighting Companies of this city, at the rate of 65 cents per light per night. The city provides the iron posts, and the companies furnish the lamps and light.

THE PUBLIC INSTITUTIONS.

The valuation on the preceding pages excludes all the property owned by the city, which is never estimated by the City Assessors.

Real and personal property and income are all taxed at the same rate.

The rate for 1885 was \$12.80 on every thousand dollars.

¹ The City of Roxbury, with a valuation of \$26,551,700, united with Boston, 1867, its valuation first taking effect as a part of Boston in 1868.

² The Town of Dorchester, with a valuation of \$20,315,700, united with Boston, 1869, its valuation first taking effect as a part of Boston in 1870.

³ The City of Charlestown, with a valuation of \$35,289,682, the Town of West Roxbury, with \$22,148,600 valuation, and the Town of Brighton, with a valuation of \$14,548,531, annexed to Boston in 1873, their united valuation taking effect in 1874 as a part of the City of Boston.

⁴ During this period of ten years the figures show a decrease in the city valuation.

The following items are not estimated in the foregoing valuation, viz. : —

All houses of religious worship, and the pews and furniture of the same.
All tombs, and rights of burial.

The personal property of all literary, benevolent, charitable, and scientific institutions incorporated by the State; and all the real estate belonging to such institutions, *which is actually occupied by them* or their officers, for the purposes for which they were incorporated.

United States Securities, all shares in Massachusetts corporations owned by individuals, and money loaned upon mortgage of taxable real estate situated within the Commonwealth.

All property belonging to the United States Government.

Imported goods in the hands of the importer while in the original packages.

All property belonging to the Commonwealth, except real estate, of which they may be in possession under a mortgage for conditions broken.

The income of all officers holding a commission from the United States Government.

Household furniture of every person, not exceeding \$1,000 in value; and his wearing-apparel, and the tools necessary for carrying on his business, under \$300.

The income of all persons from profession, trade, or employment, to the amount of \$2,000; all income above that amount being taxable.

¹ Included in the total valuation of 1865, and all subsequent years, was an assessment upon corporations chartered by the Commonwealth of Massachusetts, for real estate and machinery. The last item is taxed as personal, and is the only personal estate taxable by local assessors to a Massachusetts corporation.

In 1881, 176 corporations were assessed, as follows:	\$43,301,200	\$3,514,100	\$46,815,300

² The City of Roxbury, with a valuation of \$18,265,400 real, and \$3,286,300 personal, total \$20,551,700, united with Boston in 1867, its valuation as a part of Boston taking effect in 1868. The aggregate valuation of Boston and Roxbury in 1867 was \$471,497,800.

³ The town of Dorchester, with a valuation of \$12,826,200 real, and \$7,489,500 personal, total \$20,315,700, was annexed this year. Its valuation forms a part of the total valuation of Boston for 1870. The united valuation of the two municipalities for 1869 was \$569,827,300.

⁴ The City of Charlestown and towns of West Roxbury and Brighton were annexed to Boston in 1873, their valuation taking effect as a part of the city in 1874.

Valuation of Charlestown in 1873 was \$26,016,100 real, \$9,273,582 personal, total, \$35,289,682
 " West Roxbury " 16,254,350 " 5,894,250 " 22,148,600
 " Brighton " 11,964,450 " 2,584,081 " 14,548,531

The valuation in 1873 of Boston and the municipalities that were annexed to the city in that year was \$765,813,213.

⁵ In consequence of the act of 1881, exempting money loaned on mortgage of real estate, the personal estate valuation receded, notwithstanding large gains were made upon the other items of personal estate.

The valuation of 1885 for personal property can be fairly increased \$36,849,300, in addition to the amount given in the foregoing table for the value assessed by the Commonwealth at the rate of 14¹/₁₀₀ per \$1,000, upon shares of Massachusetts corporations, the property of residents in Boston. The State deducts from the value of each share the amount that represents the real estate and machinery locally assessed, and pays over to the city that proportion of the tax that represents the personal property of each corporation.

The valuation can be further increased, say \$1,515,600 for bank stock, assessed at the several rates of the places where the banks are located, as the taxes are paid to Boston as assessments upon this class of property held by its citizens in Massachusetts banks located outside that city.

As the revenue from these two sources is always estimated before the amount to be raised by taxation is determined, the effect of the valuation of this property in reducing the rate of taxation upon the \$685,579,072 assessed by the city is, as nearly as may be, the same as though its amount was included in the Assessors' aggregate, and the taxes were assessed by them.

The total valuation of personal estate which is assessed for all purposes for which the city must raise money by taxation can, for the year 1885, be put at \$227,970,572.

In addition to the taxable valuation, churches, charitable, scientific, and literary corporations, hold property exempt by law from assessments, as follows: Value of land, \$12,062,800; value of buildings, \$11,761,000. Total real estate, \$23,823,800; personal estate, \$3,448,500. The City of Boston holds in its corporate capacity (not assessed for city taxes) \$19,959,100 of actual assets available for the payment of liabilities, and \$41,278,610 nominal assets, the character of which is shown in the following copy of the return of the Assessors as of May 1, 1885, to the State Treasurer:—

¹ Chapter 299 of the Acts of the year 1879 [now section 48 of chapter 11 Public Statutes] required that the State Tax and County Tax should be assessed on polls, *provided* that each of such taxes shall not exceed the sum of one dollar (two dollars for the entire tax upon each poll). The excess above the amount so raised must be assessed on property. In the above table the sums stated in the columns of STATE TAX and COUNTY TAX, respectively, are the whole amounts required to be raised, and the figures in the columns of RATE show the amount per \$1,000 for which *property* was assessed to make up the deficiency after the polls had been assessed at one dollar each for State and County purposes.

The principal cities of the United States have each their own system of

SPECIAL ASSESSMENTS.

That of Boston, previous to the enactment of Chapter 174 of the Acts of the year 1866 (generally known as the betterment law), consisted of assessments upon abutters, for the cost of sidewalks for foot-passengers upon the public streets, where the owners of estates have failed to construct them;¹ and for three-quarters the expense of construction of new sewers, the city assuming one quarter the cost. The Act of 1866 enables the city to assess upon the owner *one-half the amount* that his estate has been *benefited* by the laying out, widening, or change of grade of any street, after the city shall have first paid all the land and building damages and the full cost of the work. The following table exhibits the character and amount of these special assessments from the year 1866:—

A table compiled from official reports shows the valuation, amount, and rate of taxation of the city of New York for twenty years:—

¹ Previous to 1872 the whole cost of sidewalks was assessed upon abutting estates, but Chapter 303 of the Acts of that year limits the assessment to one-half of the cost of construction.

² The entire betterment assessment of 1879 was laid by the Park Commissioners, for the benefit to property in the vicinity of the Public Park in the "Back Bay District."

³ The betterments of 1885 were laid by the Park Commissioners—\$126,223 for Franklin Park, West Roxbury, and \$22,725 for the Marine Park, South Boston.

The figures given above do not include the "special assessments;" they are not given, as there are no data as yet collected by which their detail and amount can be known. That such assessments are laid upon estates for purposes which in Boston are included in the expenditures met by the general tax levy is well known. That they are considerable in amount there can be no doubt. That they are sometimes very heavy is evident by the following statement: The valuation, between 1868 and 1878, inclusive, of a lot of vacant land, bounded northerly by 97th street, easterly by Old Broadway, southerly by 96th street, and westerly by "the Boulevard," containing eight house-lots, with a total area of 20,200 square feet, ranged from \$4,750 to

¹ In January, 1874, the towns of Kingsbridge, Morrisania, and West Farms were annexed to the City of New York. Their real estate valuation of about \$9,500,000, was increased by the authorities of New York City to about \$23,000,000, in order that their assessments might be based upon the same scale of appraisal as the property of Manhattan Island. This increased valuation was included in the tax of 1874.

\$37,700, with an average of \$24,664, the annual taxes averaged \$652.81, or \$26.70 per thousand; and the special assessments for sidewalks, paving, grading, etc., and also for betterment by the location of certain public parks [some of which were four miles distant from the land assessed] averaged \$1,282, or \$52 per \$1,000, a total average rate per annum of \$78.70.¹

For the years 1872 to 1876, inclusive, a special assessment was laid on each one thousand dollars as a "Public Building Tax." The rate of this special tax for the years 1872 to 1876, inclusive, is included in the table above given, and is stated in detail in the foot-note upon the next page.

In the assessment of 1868, real estate, which had previously been assessed at a nominal valuation, was placed at the full market value, and assessments have since been made upon that basis. Several classes of personal property which, under the law of Massachusetts, are included in the valuation of the cities and towns of the Commonwealth, are, under the laws of Pennsylvania, assessed exclusively for the benefit of the State. A "precept" issued to the assessors of Philadelphia by the board of Revision of Taxes, subsequently to 1880, requires the assessment of "All mortgages, all money at interest, or owing by solvent debtors, upon promissory note, bond, judgment, or otherwise, not including bank notes. All money loaned or invested on interest in any other State, or in stocks or bonds of corporations of any other State; all furniture, including gold and silver plate above the value of \$300; all pleasure-carriages; all vehicles used for transporting passengers for hire, stating the kinds of vehicle; all annuities over \$200, except those granted by this Commonwealth or the Federal government; all gold and silver watches; all horses, mares, geldings, mules, and neat cattle, over the age of four years." The personal property assessed on account of the municipality consists of furniture, horses, cattle, and pleasure-carriages. An enactment of the Legislature of 1868, first taking effect in the levy of 1869, requires a discrimination in the assessment taxes upon real estate. The suburban portion of this municipality is assessed upon two-thirds, and the farming land upon one-half, of the rate

Population by census of 1860, 109,269. By census of 1870, 298,983. Municipal census, August 1, 1870, 306,605; and of October 1, 1874, 395,408. United States census of 1880, 503,304.

¹ The ordinary levy for 1872 amounted to \$9,841,413, and the tax-rate of \$20 per thousand, but by an act of the Legislature an additional tax, at the rate of 80 cents on the thousand, was authorized for "public buildings." This tax amounted to \$408,208.

² This amount includes the special building tax of 1873, amounting to \$527,165.00 = \$1.00 per \$1,000.

³ This amount includes the special building tax of 1874, amounting to \$548,244.00 = \$1.00 per \$1,000.

⁴ This amount includes the special building tax of 1875, amounting to \$1,438,210.00 = \$2.50 per \$1,000.

⁵ This amount includes the special building tax of 1876, amounting to \$595,413.37 = \$1.00 per \$1,000.

⁶ No amount assessed for the special building tax for 1877, and subsequent years.

It is claimed that from 1866 to 1875, inclusive, the appraisement of real estate was for the market value. The personal estate liable to taxation under the laws of the State of Illinois is substantially the same as that assessed in Massachusetts.

The City of Chicago is made up of three districts or townships, viz., South, North, and West Chicago, which, in addition to their proportion of the city taxes, as shown in the above table, are assessed for their proportion of State and county taxes, and for certain local improvements, the city in its corporate capacity not being assessable for these purposes. The valuations upon which these assessments are made are reduced by boards of equalization to correspond to assessment values in other parts of the State and county. The following table exhibits the operation of this system for 1885:—

District.	Real Estate.	Personal Estate.	Railroads.	Total Valuation.	Taxes.	Rate per \$1,000.

¹ The personal valuation of 1875 and subsequent years includes the assessment of railroads. The amount for 1885, \$3,408,034.

² The city tax for this year was not extended on this assessment, in consequence of the court refusing judgment on delinquent real estate for 1874. The city taxes were therefore extended on the State and county assessment, and collected under the provision of the General Revenue of the State, it being optional with the City Council to either collect under the City Charter or under the General Revenue law. The valuation of 1875 on the State and county basis was,—

Real estate,	\$125,468,605 00
Personal estate,	48,295,641 00
Total valuation,	\$173,764,246 00

³ The valuation of 1876 and all subsequent years was upon the basis of the State and county assessment.

270 VALUATION AND TAXES OF BOSTON COMPARED.

In addition to the State, county, city, and town taxes, Chicago has a system of special assessments, paid wholly by the real estate benefited by the special improvements, which, for the year ending January 1, 1886, were:—

For pavements and miscellaneous street improvements	\$2,076,678 06
“ street and alley openings and widenings	128,968 47

Assessments are made at the full cash value of property, real and personal, and for real estate are designed to cover a period of ten years.

The City and County of Baltimore have distinct municipal governments; and county taxes must be in addition to those imposed by city authority. By a law passed in 1878 corporations which had previously been exempt upon their property, because the shareholders were assessed the full value of the shares, were, in 1879, assessed for their real property where located, and the shares were taxed after allowance for real-estate assessments had been made. The effect is shown by an increased real and a diminished personal estate valuation.

¹ After the great fire in October, 1871, a change in the law for making special assessments greatly reduced their amount. The items omitted were street and alley openings and widenings. In the assessment of 1875 these items again appeared in the list of special taxes, but omitted in 1876; they reappeared in 1877. Since 1875 no levy has been made for gas-service pipes, which formed for many years before that date one of the items of special assessment.

² No special assessments levied this year.

³ The fiscal year which, in 1875, and previous to that date, ended on the first day of April, was in 1876 closed on the first day of January. The special assessments of that year cover a space of nine months only.

¹ The assessment of 1877 was made under the new act of 1876. The fiscal year 1877 terminated Oct. 31, and that of 1878 commenced Jan. 1 of that year. The appropriations of Nov. and Dec., 1877, were provided for in the tax levy of 1878.

² New valuation for the decade 1881 to 1891.

¹ Under the laws of Ohio real estate is valued, for the purpose of taxation, once in ten years, the new valuations taking effect in 1860, 1871, and 1881. The gain of \$17,000,000 upon this class of property, during the ten years preceding the assessment of 1870, and the gain of \$6,000,000 for the same time preceding 1880, represent the improvement in old and the value of new buildings. The real-estate valuation of the city, as made by the assessors of 1870, was, in round numbers, \$145,000,000.

This estimate was deemed excessive, and an act of the Legislature was obtained authorizing local boards to reduce it nineteen (19) per cent. The reduced valuation of the real estate of the city upon which the tax of 1871 was levied was placed at \$123,427,888, and is the *official*, if not the *true*, valuation of the property. The figures of subsequent years indicate reduced values. Those of the new valuation of 1881 show a reduction of more than seven per cent. in the value of the real estate as compared with those of the preceding year.

The table which follows shows the amount of taxes levied in this city since 1865, and the rate of tax per thousand for State, county, and city purposes. The column marked "Delinquencies and Forfeitures" is thus explained. Unpaid taxes of former years are added to and form a part of the grand total of each year until they are paid, or the several accounts are closed by a sale or otherwise.

NOTES ON PRECEDING TABLES.

- a. By Boston proper is meant the territory of Boston, independent of all annexations.
b. Estimates made in the years named. Those for 1675 and 1698 were probably too large.
c. Estimates based on censuses of polls.
d. Estimate based on actual number of houses in 1789, and average persons to house, as shown by U. S. census of 1790.
e. By the State census of May, 1840, the population of Boston was 84,401. Mr. Shattuck, in his report on the census of Boston for 1845, shows clearly that the U. S. State census of 1840 was incorrect.
f. Estimated.
g. Included also in the population of Dorchester in this year. After 1855 Washington Village is included in South Boston.
h. The population of South Boston could not be stated definitely for 1875, because the wards including South Boston also included a part of Boston proper. The figures given are very close, however.
i. The territory of Roxbury and Dorchester was not kept intact by ward boundaries in the ward division of 1875; it is therefore difficult to give the exact population of each district by census of 1880. The figures given are the result of very careful study of the population by census enumeration districts, of which there were 208 in Boston for the U. S. census of 1880.
j. The population as usually given in census tables includes that of the islands in the harbor.
k. For the separate islands as follows:—

1880.

Breed's	152.	Spectacle	53.
Deer	851.	Thompson's	106.
Galloupe	5.	Fort Independence	13.
Rainsford	187.	Fort Warren	112.
Long	49.	Fort Winthrop	12.
Lovell	5.		

1885.

COCHITUATE WATER-WORKS.

LAKE COCHITUATE. — Situated within the limits of the towns of Framingham, Wayland, and Natick, in Middlesex County. The extreme length of the lake, in a direct line, is 3½ miles, and the breadth of the widest part about 1,800 feet, with a water surface of 800 acres. In addition to the supply in the lake, "Dug Pond," containing 44½ acres, and "Dudley Pond," containing 81 acres, are connected with and form important tributaries to it. The whole circuit of the lake, measuring at its verge when within two feet of high-water mark, is about 16 miles, and the city owns an average width of five rods around it, which is held free from taxation; also 1½ acres at the outlet of Dudley Pond. In addition to this the city owns 23½ acres in Wayland, 72½ acres in Natick, and on the line of the aqueduct, — not including land appurtenant to the Chestnut-hill and Brookline Reservoirs, nor land occupied by and necessary for the protection of the aqueduct, — 27½ acres in Needham, 5½ acres in Newton, 1½ acres in Brookline, which is taxable.

SUDBURY-RIVER CONDUIT. — The Sudbury-river Conduit, extending from Farm Pond, in South Framingham, to the Gate-house at Chestnut-hill Reservoir, is 83,912 feet in length. The area of land owned by city on conduit line 198 acres, and area of reservoirs, 851 5 acres. A section of conduit, 4,170 feet in length, connects Farm Pond with Dam No. 1 on the Sudbury river, and another section, 3,760 feet in length, extends through Farm Pond, so that the Sudbury-river water can be sent to the city independently of the pond water. The city owns a width on the line of the conduit varying from 80 to 400 feet. In effecting settlements for the land taken for the conduit and storage-basins, the Boston Water Board have, in many cases, purchased land not actually required for the above purposes.

Basin 4 in Ashland covers an area of 162 acres, and has a capacity of about 1,800,000,000 gallons.

The whole line of the Water-Works, extending from Lake Cochituate, and continuing through a brick aqueduct, iron pipes, and stone tunnel, 11½ miles, to a reservoir in Brookline, of about 23 acres of water surface, and 119,583,960 gallons' capacity.

The "Chestnut-hill Reservoir," situated in the Brighton District, of the capacity of 730,000,000 gallons, with a water surface of 123½ acres. There are 212½ acres in this whole property, the line of pipe from Chestnut-hill Reservoir to the main near the Brookline Reservoir; also, the land under which are the pipes, being in amount about 6½ acres.

The "South Boston Reservoir," on the east side of Telegraph Hill, South Boston, covers with its embankments an area of about 126,000 square feet. It resembles in shape a segment of an ellipse, and has a water area, when at high-water mark, of 70,041 square feet, and a capacity of 7,508,246 gallons. This reservoir is now used for storage, and is connected with the distributing-pipes only in case of fire or accident to the pumping-mains.

The "East Boston Reservoir," on Eagle Hill, East Boston, is bounded westerly by Brooks and southerly by White street. The land covered by and appurtenant to it comprises about 216,027 square feet. Its water area, when at high-water mark is 44,100 square feet, and its capacity 5,591,816 gallons.

The "Parker-hill Reservoir," on Parker Hill, Roxbury District, is located on a lot of land taken under the act of the Legislature authorizing the building of this reservoir, containing 197,614 square feet. It was built specially for the high-service supply, and will hold 7,200,000 gallons above a plane 2½ feet above the bottom of the outflow pipe. The area of the water-surface, when at high-water mark, is 64,033 square feet, and its elevation 219 feet above tide-marsh level. A strip of land 25 feet wide leading from Fisher avenue, and containing 2,887 square feet, was purchased for a route for the pipes to the reservoir.

The new High-Service Reservoir, situated on Fisher Hill, Brookline, is now being built. The site for this reservoir, containing 459,670 feet of land, was purchased for the sum of \$91,984. The capacity of the reservoir, when completed, will be 15,000,000 gallons.

The main-pipes leading from the receiving reservoirs in Brookline, Brighton District, and Newton, to this city, and the distributing-pipes laid in the city proper, East Boston and South Boston, Roxbury, Dorchester, West Roxbury, and Brighton Districts, aggregate in length 367 miles, varying in size from 3 to 48 inches in diameter.

Pipe-yard and Wharf, Albany street, containing 72,920 feet, upon which there are wooden buildings for storage of pipes, etc.; Pipe-yard and Machine-shop, on Federal street, near Summer, with tools and machinery, and other property therein, for the use of the department. This lot contains 9,192 feet, on which is a brick building used as a machine-shop. The original cost of the establishment, including tools and machinery, stables, etc., was about \$30,000. In 1870, after the fire, two stories were added to the building, and general repairs made, at a cost of \$6,848.50. Building on Elmwood street and place, on a lot of 5,563 square feet, in which are the pumping-engines for supplying water to the highest parts of the city, by means of the stand-pipe erected on Highland Park, formerly known as the "Fort Lot," between Beech Glen and Fort avenue. This lot was placed in charge of the Cochituate Water Board by an order of the City Council of 1870. It contains 114,360 square feet.

The report of the Boston Water Board to the City Council for the year 1885 contains a full statement of the condition of the works.

The cost of construction of these works to the city, up to the 30th April, 1886, is \$18,696,025.29.

MYSTIC WATER-WORKS.

The upper portion of Mystic lake, which is the source of supply, is situated in the towns of Medford, Arlington, and Winchester, 6½ miles from Charlestown square. It has an area of about 200 acres when flowed to the level authorized by the act to take water, and a storage capacity of that level of 880,000,000 gallons. The area of country forming the drainage-basin is 27.75 square miles. To convey the water of the lake to the citizens the works consist of dam and overfall; conduit with its appurtenant gate-houses, waste-

weir, and ventilator; cast-iron main under Mystic river; engine-house; pumping-engines; force-mains; reservoir with influent and effluent chambers; supply mains and city distribution-pipes, hydrants, gates, etc.

The dam is 1,560 feet long, built of earthwork and masonry, and its height is 11 feet above high-water mark of Boston Harbor. The conduit is 7,450 feet in length, constructed of hydraulic brick masonry 8 inches thick. It is oviform in shape, 5 feet 8 inches high, and 5 feet wide, interior dimensions. The cast-iron mains, two in number, conveying the water from the pipe-chamber at the end of the conduit to the engine-house, are 487 feet long and 3 feet in diameter.

The engine-house is situated on the southerly bank of, and about 200 feet from, the Mystic river.

It is a substantial building, 120 feet long and 58 feet wide, constructed of faced brick and freestone, and embraces under one roof the boiler and engine rooms, repair-shop and pump-well. The lot of land about the engine-house is about 12 acres, and upon a portion of it is a dwelling-house for the engineers, and also a stable. Connected with the engine-house is a brick and stone coal-shed, having a capacity of 1,000 tons.

In the engine-house are three of Worthington's Duplex Pumping-engines, two of 5,000,000 gallons each and one of 8,000,000 gallons' capacity, per 24 hours. Eight boilers supply the steam for pumping the water.

The force mains are of cast-iron, each 30 inches in diameter and 3,277 feet in length. The reservoir is on Walnut Hill, in Medford, near Tufts College.

Its water service covers an area of $4\frac{1}{2}$ acres, being nearly a parallelogram in shape, 560 feet by 350 feet.

High-water line is 147 feet above tide-marsh level, and at this grade its capacity is 26,244,415 gallons.

The whole lot of land connected with the reservoir belonging to the city is about $10\frac{1}{2}$ acres.

The whole length of distribution-pipes in Charlestown is about 30 miles. The whole length of distribution-pipes supplied by the Mystic works is about 146 miles. The city owns also a lot of land containing 12,807 square feet, on Medford street, with a substantial brick stable upon it. This land is used for a pipe-yard.

A two-story brick building, 38 X 40, built during the year 1882-83, for use as a workshop is located on land of the city at the corner of Medford and Tufts streets.

MYSTIC SEWER. — The Mystic sewer extends from Prospect street in Woburn to Lower Mystic pond in West Medford, a distance of 18,892 feet.

The sewer was built to intercept the objectionable drainage from the tanneries, and discharge it into the lower pond at the head of the tide-water. The area of land taken under the act of the Legislature for the construction of the sewer and branch drains was 97,245 square feet.

The cost of construction of the Mystic Water-Works up to the 30th April, 1886, is \$1,656,843.82.

PUBLIC INSTITUTIONS.

The following property is under the charge of the Board of Directors for Public Institutions:—

DEER ISLAND.—Containing about 134 acres of upland, and about 50 acres of flats, on which is the large brick building known as the **HOUSE OF INDUSTRY**. Also, a wooden house occupied as a House of Reformation for Girls, a brick school-house for truant-boys, and a wooden one for nursery, a farmhouse, brick workshop, and receiving-house, laundry, bakery, and engineer's house, piggery, two large barns, and other buildings; steamboat wharf, and another landing-place; stone-sheds, farming utensils, live stock, merchandise, provisions, tools, etc., required for carrying on the Houses of Industry and Reformation and Almshouses. In 1885 a new hospital was built on the island, the total cost of the same, together with furnishing, being \$74,999.65.

RAINSFORD ISLAND (with the buildings thereon), purchased in 1871 of the Commonwealth, at a cost of \$40,000, containing 11 acres. The buildings are occupied by male paupers.

HOUSE OF CORRECTION AND LUNATIC HOSPITAL.—These institutions occupy an area of 631,700 feet of upland, to which is appended about 1,310,700 feet of flats, which, with the Master's house, workshops, out-houses, and other appendages, the furniture, farming, and mechanics' tools and utensils, fire-engines, provisions, stock on hand for manufacturing and other purposes, horses, and other live stock, belong to the city. There is in the House of Correction workshop a steam-engine of twenty horse-power and boiler, with shafting, etc., for carrying machinery, and the necessary apparatus for heating the prison workshops and chapel with steam.

ALMSHOUSE, ALFORD STREET, CHARLESTOWN DISTRICT, is situated on a lot containing 104,191 feet, near the Everett line, a short distance from the Malden bridge. The building is of brick, built in 1849; is 100 feet long by 45 feet wide, 3½ stories high, with two wings 39 feet by 19 feet. There are a large barn and other out-buildings upon the lot.

ALMSHOUSE, AUSTIN FARM (WEST ROXBURY DISTRICT).—The site purchased by the city for a Home for the Poor, known as the "Austin Farm," contains about 50 acres, and is bounded on the easterly side by Back street, on the southerly side by Morton street, on the westerly side by Canterbury street, and on the northerly side by Austin Terrace, so called. On this estate are a house occupied by female paupers, barn, with silo, of a capacity of 325 tons, ice-house, and sheds.

MARCELLA-STREET HOME.—Building formerly occupied by the city of Roxbury as an almshouse. Additions and alterations were made in 1876-77 and '81, for the accommodation of pauper and neglected children. Contents of lot, 152,000 square feet.

STEAMER "J. PUTNAM BRADLEE."—This boat is 340 tons' burden, 140 feet long, 26 feet 8 inches beam, 45 feet breadth over all, 8 feet 6 inches deep, and was built at Greenpoint, L.I., in 1875. Cost, including outfit, \$43,836.19. Used for conveying prisoners, passengers, provisions, etc., to and from the city to the Deer and Rainsford Island Institutions.

LONG ISLAND.—Proposed Home for paupers. Contains about 182 acres. Contracts have been made for construction of building to accommodate 450 to 500 persons.

HEALTH DEPARTMENT.

The following property is in charge of the Superintendent of Health : —

SOUTH CITY STABLES, SHOP, AND SHEDS. — Situated on Albany street, opposite Newton street. The lot belonged to the city before being used for this purpose, and contains 90,780 feet. The stables and buildings connected therewith are of brick. There are also on the premises five wooden sheds, used for storing wagons, etc. The stable is two stories high, with French roof, and has accommodations for 117 horses. Total original cost, exclusive of land, \$79,189.23.

Connected with the stables are blacksmith, wheelwright, painter, and harness-makers' shops, with all the necessary tools, in which the wagons, carts, harnesses, etc., used by the department, are constructed and kept in repair.

OFFAL DEPOT. — Erected in 1864 on the wharf fronting on Albany street, opposite Brookline street, on the other side of the dock from that used by the Paving Department. The lot which the building occupies, and the yard attached to the same, contain 39,511 feet, and belonged to the city before being used for this purpose. Total original cost of building, \$18,578.89. This building is used for the deposit of house-offal daily collected in the city carts, and which is thence conveyed without the limits of the city proper by purchasers of the same.

WEST STABLE AND SHEDS, NORTH GROVE STREET. — The stable is a brick building, a story and a half high, 128 feet by 50, located on North Grove street, built in 1860, with suitable out-buildings attached to the same. It has accommodations for 54 horses. The lot contains about 45,152 square feet.

HIGHLAND STABLE, with accommodations for 60 horses, on the old Alms-house lot, Highland street, containing 81,082 square feet. A part of this stable and adjoining lot is used by the Paving Department. There is on this lot a brick stable, which cost \$89,594.13. On this lot is an offal-shed, erected in 1875, at a cost of \$1,160.12.

In 1875 there was a stable erected for 21 horses, on Rutherford avenue, Charlestown District, at a cost of \$5,083.07. Shed and out-buildings, built in 1879. Contents of lot, as claimed by city, 17,300 square feet.

The Superintendent of Health has charge of the city stables, horses, carts, wagons, etc., necessary for the business of keeping the streets and places clean, collecting the house-offal, house-ashes, etc. The estimated value of the whole property is about \$95,500.

Prisoners are conveyed from station-houses to court-house, from court-house to Deer Island boat and jail, and South Boston Institutions, by vehicles furnished by this department.

BOARD OF HEALTH.

The following property is in charge of the Board of Health : —

TRUST FUNDS.

OVERSEERS OF THE POOR'S FUNDS.

Trust Funds in the hands of the Overseers of the Poor, Thomas F. Temple, *Chairman*, Frederic W. Lincoln, *Treasurer*, April 30, 1886.

PEMBERTON FUND. — This fund comprises bequests and gifts made to the City of Boston, from 1760 to the present time, from "A. B," Daniel Oliver, Margaret Blackadar, Alice Quick, Annie Wheelwright, Mary Ireland, Benjamin Pemberton, Martha Stevens, Mrs. H. Driscoll, William Breed, Samuel Eliot, John Coffin Jones, Mary Belknap, "A Citizen of Boston," Anonymous, Dr. Harriot K. Hunt, and George Higginson. The most important, however, of the bequests was from BENJAMIN PEMBERTON, whose will was proved June 25, 1782; and for that reason his name has been given to the fund. The income of this fund is to be expended, at the discretion of the Overseers, in semi-annual payments to the poor of this city. The amount of this fund, April 30, 1886, was \$112,963.53.

BOYLSTON FUNDS. — These funds were from a bequest by JOHN BOYLSTON, who died in London. His will was proved June 12, 1795. One portion of the bequest is ordered to be paid to "Poor and decayed householders of the Town of Boston," "not under fifty years of age," "persons of good character, and reduced by the act of Providence, not by indolence, extravagance, or other vice." The other portion to be applied to "nurture and instruction of Poor Orphans and Deserted Children of the Town of Boston until fourteen years of age."

The Boylston Relief Fund amounted, April 30, 1886, to \$21,368.61.

The Boylston Education Fund amounted, April 30, 1886, to \$138,677.37.

MASON FUND. — Was a bequest of JONATHAN MASON, by will dated July 15, 1798. Interest to be paid annually to the Chaplain of the Almshouse or Workhouse. Interest to be added until one is appointed. The interest is now paid annually towards the salary of the Chaplain of the House of Industry. Amount of Mason Fund, April 30, 1886, \$8,409.44.

DEXTER FUND. — Was a bequest of SAMUEL DEXTER, by will dated May 7, 1811, for supplying firewood or coal to such objects of charity as are not supported in the Almshouse, though sometimes relieved by the Overseers of the Poor. Amount of Dexter Fund, April 30, 1886, \$3,472.85.

JEFFRIES FUND. — Was a bequest of DAVID JEFFRIES, former Town Treasurer. Will dated January, 1786. Income to be applied to the purchase of tea and coffee, chocolate and sugar, for the refreshment of those persons who, in the Providence of God, are or shall be obliged to seek refuge in the Almshouse, after having lived respectably, but always giving preference to the pious poor. Amount of Jeffries Fund, April 30, 1886, \$3,694.84.

LUCY BULLMAN CHARITY. — Consists of an estate on Cambridge and Joy streets, in this city, which came into the possession of the City of Boston in 1872, in accordance with the will of Lucy Bullman, proved at Probate Court, Suffolk County, Jan. 9, 1832; in which it is provided that, upon the death of certain persons therein named, said estate is given to the City of Boston, upon condition that the estate never be sold, but the income used for the benefit of the poor. The estate is valued at about \$10,200. Funds on hand, \$17,248.13.

By a vote of the City Council, approved by the Mayor Jan. 4, 1873, this estate was placed in charge of the Overseers of the Poor.

DAVID SEARS CHARITY.—This is a fund contributed by the late **DAVID SEARS**, for the relief of the poor.

The amounts formerly held in the Fifty Associates Charity, and the Sears-tan Charter House have been transferred to this fund.

This fund has been largely increased by the amount received by the Donation Fund established by Mr. Sears, of which the Fifty Associates were actuaries, and the total amount of "The David Sears Charity," April 30, 1886, was \$283,333.10.

PIERCE FUEL FUND.—Legacy left to the city of Charlestown, by the late **CALEB PIERCE**, who died September 7, 1860, and which was accepted by the Charlestown City Council, May, 1861. Income to be expended in purchasing fuel for indigent widows, whose husbands had resided in Charlestown at least one year before their decease, said widows still continuing to reside in Charlestown.

Amount of fund April 30, 1886, \$1,500, invested in City of Boston note, and \$45.65 interest on hand. Total, \$1,545.65.

HOLTON PROTESTANT POOR FUND.—Legacy left to the town of Brighton by the late **JAMES HOLTON**, in 1863, will probated June 9, 1863. Income to be expended in purchasing and distributing provisions among poor and indigent Protestant families in said town of Brighton, on Thanksgiving and other holidays, or just previous to such holidays. Unmarried Protestant females to receive a liberal share. Amount of fund April 30, 1886, invested in City of Boston note and interest. Total, \$1,546.88.

HOLTON PROTESTANT PAUPER FUND.—Legacy left to the town of Brighton by the late **JAMES HOLTON**, for the purpose of furnishing good and plentiful meals to the Protestant paupers of Brighton, on Thanksgiving Day, or other holidays. Amount of fund April 30, 1886, City of Boston notes and interest. Total, \$2,679.50.

STOUGHTON POOR FUND.—Bequest of Lieut.-Gov. William Stoughton, who died July 7, 1701. By his will he gave £50 to the relief of the poor of Dorchester, to be improved by the care of the selectmen, and the income to be distributed to the most needy inhabitants. Amount of fund April 30, 1886, invested in City of Boston notes and interest. Total, \$1,654.01.

GOODNOW FUND.—Invested in City of Boston note and interest, April 30, 1886, \$5,185.55.

A bequest of Elisha Goodnow, "to be invested and the income applied forever to and for the relief, assistance, and support of the poor, sick, and infirm in said city, not supported by the said city in its almshouse, in such manner as the said city, or the government, or officers thereof may deem most judicious, but without reference to the religious faith or belief of those who may apply for or need the assistance from this fund."

POLICE CHARITABLE FUND.

The City Council passed an ordinance, July 31, 1878, to take effect on its passage, continuing in force the provisions of the ordinances of 1870 and 1875, providing that all moneys earned by police officers for fees as witnesses, except one witness fee a day in the Supreme or Superior courts, shall be kept as a separate fund, and invested and managed by the Mayor, Treasurer, and Auditor of the city for the time being, who shall be trustees thereof. The income of the said fund shall be applied to the relief of persons who have received an honorable discharge from the police force by reason of sickness, age, or other inability, and who are, in consequence thereof, in necessitous circumstances; and also to the relief of the widows and orphans, in necessitous circumstances, of police officers who have died while in the service of the city. Said trustees may make such rules and regulations for the appropriation and disbursement of the interest of said fund as they may deem expedient; subject, however, to such orders or ordinances as the City Council may from time to time adopt.

The trustees consist of the Mayor, Hugh O'Brien, the City Treasurer, Alfred T. Turner, and the City Auditor, James H. Dodge; Hugh O'Brien, Chairman, and James H. Dodge, Treasurer and Secretary.

Invested as follows:—

BOSTON FIREMEN'S RELIEF FUND.

By Chapter 107 of the Acts of 1880, the Mayor of the City of Boston for the time being (and his successors in office), the Board of Fire Commissioners of the City of Boston, for the time being (and their successors in office), were constituted a body corporate for the purposes of receiving and holding all sums of money, and real and personal estate, not exceeding in the aggregate two hundred thousand dollars, which may be given, granted, bequeathed, or devised to it for the benefit of members of the Boston Fire Department or their families requiring assistance, or for the benefit of any persons, or the families of any persons, who have been such members, requiring assistance. The property so held shall be known as the Boston Firemen's Relief Fund. The said body corporate shall have authority to manage and dispose of the same and the income thereof, according to their best discretion, subject to the provisions of any and all trusts which may be created for the purposes aforesaid.

In accordance with the provisions of the foregoing act the following-named persons, viz.: His Honor the Mayor, Hugh O'Brien, Fire Commissioners Henry W. Longley, John E. Fitzgerald, and William A. Green, now constitute the Board of Trustees. Hugh O'Brien, Mayor, President; Frederick W. Smith, Jr., Clerk.

FRANKLIN FUND.

This is a fund for the encouragement of young mechanics. Dr. BENJAMIN FRANKLIN, in his will, gave the inhabitants of Boston, in 1791, £1,000 sterling, which he directed to be loaned in sums of not more than £60 nor less than £15, to one applicant, at five per cent. interest; to be repaid in annual instalments of ten per cent. each. These loans are restricted to "Young Married Artificers, under the age of twenty-five, who have faithfully served an apprenticeship in Boston, so as to obtain a certificate of good moral character from at least two respectable citizens, who are willing to become their sureties in a bond for their payment of the money."

It was the estimate of Dr. Franklin that the £1,000 would increase in 100 years to £131,000, and then the managers of the fund were to lay out in public works £100,000, and the balance to continue on interest for another hundred years, which he estimated would then amount to \$4,600,000; of this amount the sum of \$1,610,000 was to be at the disposal of the inhabitants of the town of Boston, and the balance to be paid the Government of the State.

The Board of Aldermen of 1882, after a report in the matter of the Franklin Fund from a Committee consisting of Aldermen Stebbins and Hart, passed the following resolves:—

Resolved, That, in the opinion of this Board, comprising a majority of the Trustees of the Franklin Fund, it is expedient and highly desirable that the proportion of said fund which will be available in 1891-92 for investment in "some public work," should be devoted to the extinguishment of the debt incurred for the purchase of the West Roxbury Park.

Resolved, That, in the event of such disposition of the said portion of the Franklin Fund, the park thus purchased should be called "Franklin Park," in honor of the testator, who has so generously endowed his native town.

The trustees under the Will are the Selectmen (now Board of Aldermen), united with the ministers of the oldest Episcopalian, Congregational, and Presbyterian Churches in the Town of Boston. The first loan was made May, 1791.

The Treasurer of the Fund, SAMUEL F. McCLEARY, in his annual report to the trustees, makes the statement of the condition Feb. 1, 1886, viz. :—

SCHOOL TRUST FUNDS.

CHARLESTOWN SCHOOL TRUST FUNDS. — The Legislature of Massachusetts, on the 27th of March, 1793, passed an Act to incorporate Richard Devens, Nath'l Gorham, Josiah Bartlett, Aaron Putnam, Joseph Hurd, Nath'l Hawkins, Seth Wyman, and their successors, Trustees of the Charlestown Free Schools. On the 18th of April, the same year, it was "Voted that the Town Treasurer deliver to Aaron Putnam, Esq., Treasurer for the Trustees of the Charlestown Free Schools, all the money, bonds, notes of hand, etc. (being the property of said free schools), that now are, or may come into his, the Town Treasurer's, hands.

The charter of the City of Charlestown, after prescribing the manner of electing the School Committee, provides that the persons thus chosen shall have "all the powers and privileges, and be subject to all the liabilities, set forth" in the Act to incorporate certain persons by the name of the Trustees of Charlestown Free Schools; the act of annexation to Boston provided for the continuance of this corporation in the members of the School Committee of the City of Boston from the Charlestown District.

By an Act approved March 13, 1877, the School Committee were incorporated and authorized to receive the Charlestown School Trust Fund, to "manage said Fund and disburse the income thereof within the limits of the former City of Charlestown, according to the tenor of the instruments creating said trust."

The following is a statement of the funds, Feb. 1, 1886, from the Treasurer, ABRAM E. CUTTER:—

TICKNOR BEQUEST.—By the will of the late GEORGE TICKNOR, of Boston, he gives to the City of Boston, on the death of his wife, all his books and

manuscripts in the Spanish and Portuguese languages, about four thousand volumes, and also the sum of four thousand dollars. After the receipt of said sum the city is required to spend not less than one thousand dollars in every five years, during the twenty-five years next succeeding (*i.e.*, the income of four thousand dollars, at the rate of five per cent. per annum), in the purchase of books in the Spanish and Portuguese languages and literature. At the end of twenty-five years the income of the said sum is to be expended annually in the purchase of books of permanent value, either in the Spanish or Portuguese languages, or in such other languages as may be deemed expedient by those having charge of the library. The books bequeathed or purchased are always to be freely accessible for reference or study, but are not to be loaned for use outside of the library building. If these bequests are not accepted by the city, and the trusts and conditions faithfully executed, the books, manuscripts, and money are to be given to the President and Fellows of Harvard College.

In order that the city might receive the immediate benefit of this contribution, Anna Ticknor, widow of the donor, relinquished her right to retain during her life the books and manuscripts, and placed them under the control of the city, the City Council having previously accepted the bequests in accordance with the terms and conditions of said will, and the Trustees of the Public Library received said bequests on behalf of the city, and made suitable arrangements for the care and custody of the books and manuscripts.
